Laminate

An undying melody, Hackett laminate finishes are compositions of superior quality transparent overlay and underlay sheets.

Fashioned to offer a sensory experience, the soft-touch, wood-grains and textures tickle the mind and instil a sense of comfort in timeless familiarity.

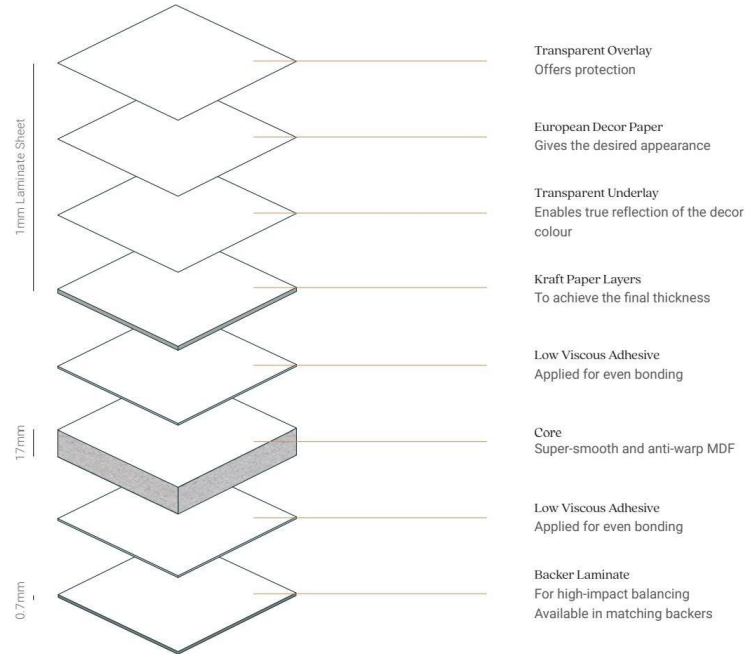

Laminate

Plain shutter

Base Material : MDF | HD-HMR | MR
Ply | BWR Ply | BWP Ply

- Moisture-resistant
- Bubble-free finish
- UV-resistant
- Scratch-resistant
- Abrasion-resistant
- Super-easy to clean

Edgebanding

Matching edgeband

Twin (Dual Tone) edgeband

Metallic edgeband

Acrylic

A pristine drama and a visual treat to the eyes. With a mirror-like finish achieved using state-of-the-art European machinery and an advanced flat lamination process, Hackett acrylic finishes add the joy of reflection to a space -the play of light on their colourful surfaces offering a timeless sense of newness.

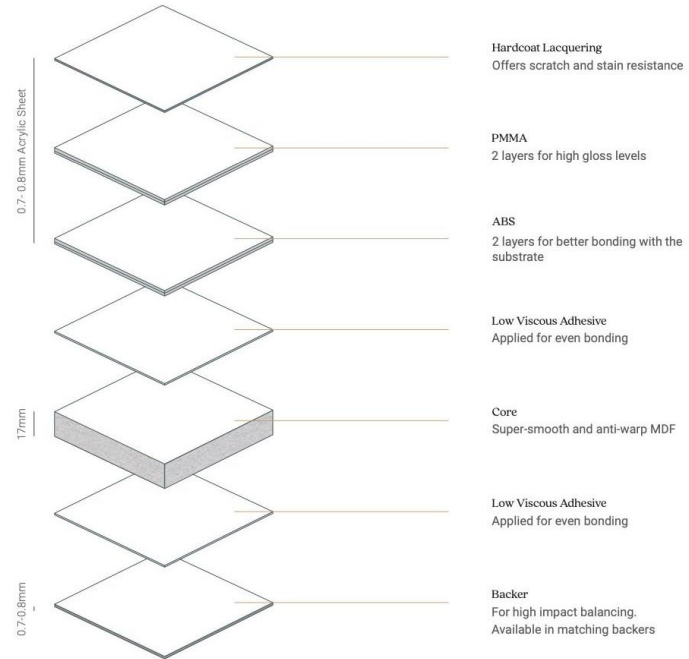

Acrylic

Plain shutter

Base Material : MDF | HD-HMR

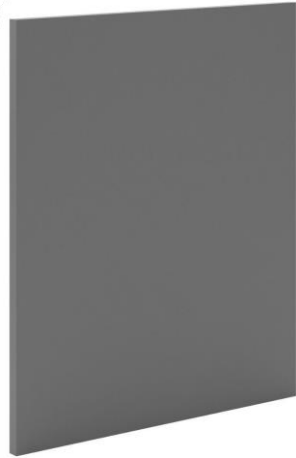

- | | |
|------------------------|-----------------------|
| - Mirror like finish | - Scratch-resistant |
| - Super smooth surface | - Abrasion-resistant |
| - UV-resistant | - Super-easy to clean |

PU (Polyutherane)

Hackett PU finishes recite tales of art. Layers of high-quality Italian paints are patiently spray-painted onto all sides of the core material, leaving adequate time for drying between each layer, in environments made thoroughly dust-free. They are functional showpieces for the home, that beckon the admirer to stop and absorb the smooth luxury of colour.

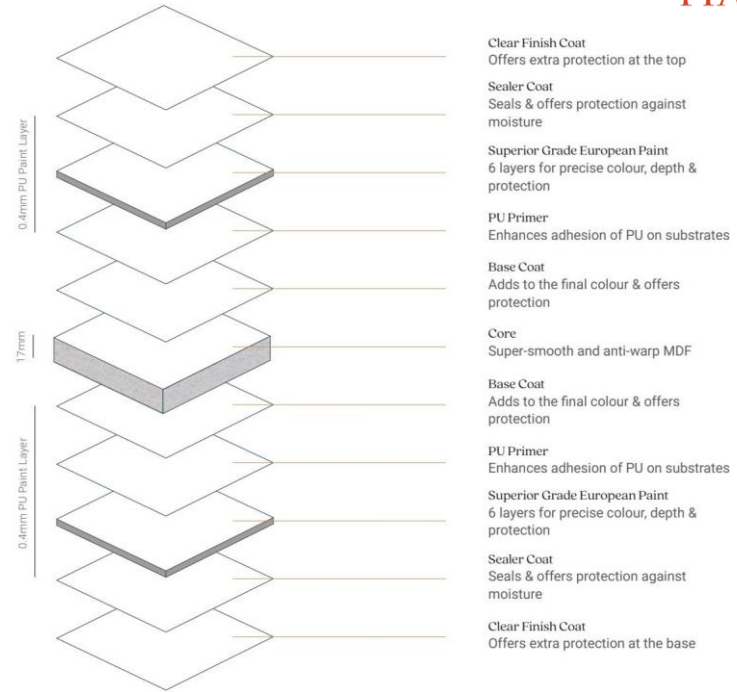

PU - Polyutherane

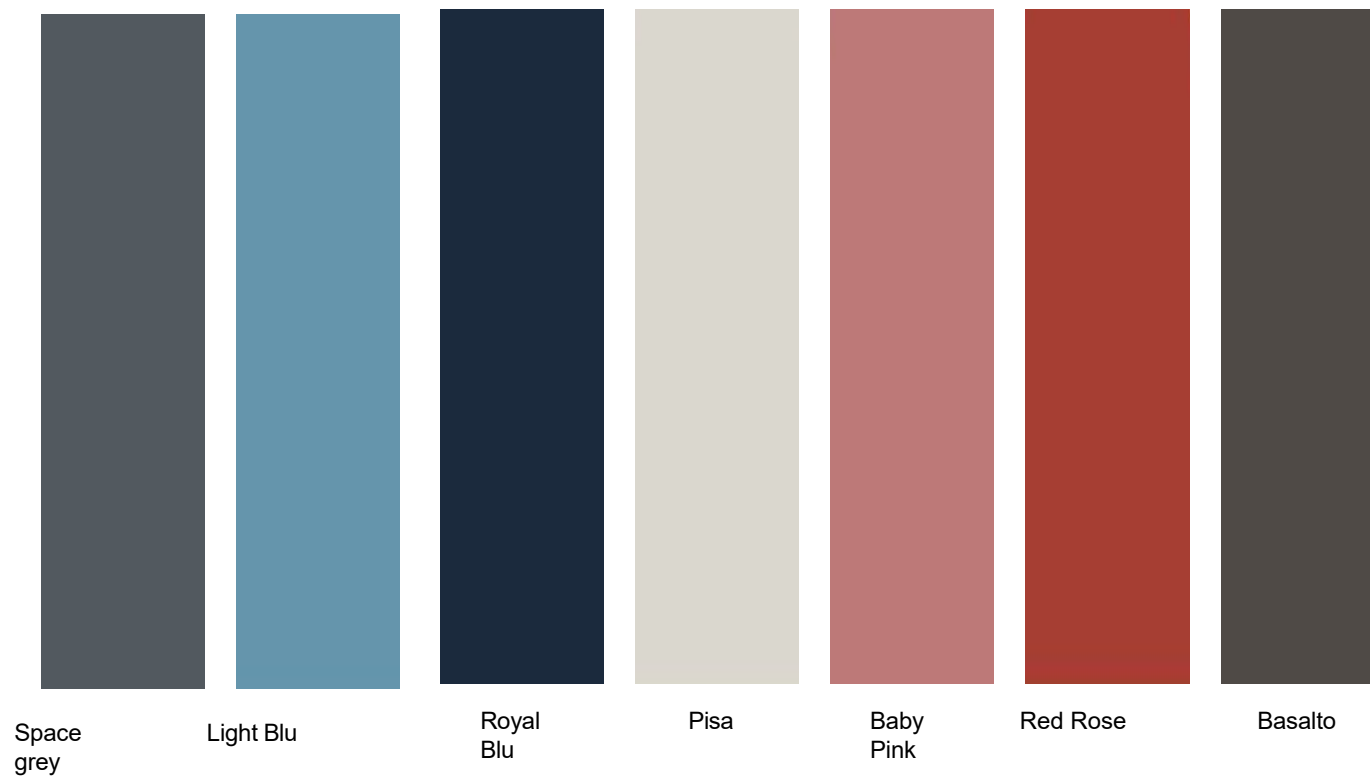

Plain shutter

Base Material : MDF | HD-HMR

- Profile friendly
- Seamless edges
- Easy to clean
- Exceptional appeal

PU - Solids (Matte)
